"INSPIRED HANDS"

The City of Fremont's latest art project, "Inspired Hands", will be an engaging public mural to be placed at the main intersection of Downtown Fremont. This mural will add to the vibrancy of our town and depicts the pride we have in our community and for the arts.

The mural, designed by Fremont artist Renae Wallace, will include an opportunity for community members to be part of the project, with over 200 "community hands" installed as part of the mural. The mural is designed to be approximately 10 feet tall, 18 feet wide and will be affixed to a downtown building, 1 West Main Street, owned by local businessman Paul Mellema.

With the support from the City of Fremont, Downtown Development Authority, and many others, we are seeking contributions from people like YOU to help us reach our goal of \$7,000. If we can do that we will receive a matching grant from the Michigan Economic Development Corporation (MEDC). The funding raised through this effort will create the following:

- "Inspired Hands" - a large public art mural that will add to the vibrancy of downtown Fremont; and
- Subtle lighting to complement the artwork.

Help support the continued beautification of our special town and give a gift that makes an impression! You can double the power of your money when you support "Inspired Hands"! Your gift will be matched by the MEDC \$1 for \$1 up to \$7,000, but only if we reach our goal by September 3rd. All donations are 100% tax deductible.

Renae Wallace describes "Inspired Hands:"

The "Inspired Hands" mural was designed to honor not only the community of artists, but also the community who supports them. The two large hands, one female, one male, hold many tools of

the artist's trade and they represent all artists of all mediums.

The lower portion of the work features handprints created by individuals who love and "lift up" their local artists. The background image of paint upon which they are placed is a neutral color, and the hands symbolize how art "comes to life" through human involvement. My hope is that this piece of art will evoke feelings of unity between artists and those who value them as well as celebrate an appreciation of both.

To donate to this project online go to: <https://www.patronicity.com/inspiredhands>, or send a check to: City of Fremont, 101 E. Main Street, Fremont, MI 49412. Please call 231-924-2101 if you have any questions about the project or ways to donate.

FREMONT COMMUNITY RECREATION CENTER UNVEILS NEW PICKLEBALL COURTS

With pickleball being the rave these days, the Fremont Community Recreation Center, City of Fremont and Newaygo County Pickleball Club unveils six new pickleball courts on the corner of Darling Avenue and Maple Street.

Pickleball is a sport much like tennis or racquetball, in which players use paddles for gameplay on a similar court.

Pickleball is a good source of moderate physical activity. Whether you want to play socially with friends, pickleball can meet a wide variety of physical, emotional

and mental needs and be fun and socially engaging at the same time. It's no wonder that people who play the sport in youth continue to play throughout their lives. Pickleball has a special role in the lives of those who play it and may have a special role in health of older adults who want to retain vitality and independence for as many years as possible.

Remain Security Conscious

In these economic times, it is important to remain security conscious and to be aware of your surroundings. Keep your homes and garages locked when you are away, and be sure to remove your keys from the ignition and lock your vehicles whether your car is in your driveway at home, in store parking lots, or at school. Leave only those items in your yard that you can afford to lose, especially overnight. Finally, be respectful of your neighbors, watch out for each other and each other's property. If you have elderly neighbors, please check on them occasionally. Working together will keep the City of Fremont a great place to live, work and play.

Curbside Refuse Service

Each residential dwelling may choose to use a 65- or 95-gallon rollout cart (garbage container with wheels- see picture) or buy the Mixed Refuse bags with the Republic Services logos. Cart lids must be within 15" of being closed and overloaded carts may not be emptied. In the event an overloaded cart is dumped any refuse that does not make it into the truck is the homeowner's responsibility. Any additional garbage that will not fit into the 65/95-gallon cart must be placed in the specially purchased **Mixed-Refuse Bags** and placed beside the cart.

Trash carts and recycle bins need to be at least 2 feet apart. Recycle bins and trash carts must always be accessible for easy collection by the hauling trucks and when they are to close the garbage hauler does not have sufficient room for the extended pickup arms. Please remember there are two separate companies that collect refuse and recycling, with different pickup processes.

Empty carts and recycling bins must be removed from the curbside and placed in garages or side yards by 12:00 PM (noon) of the day after the scheduled pickup.

Effective April 1, 2019, the rate for the 65-gallon rollout cart is \$32.58/quarter and the 95-gallon rollout cart is \$38.10/quarter. The mixed refuse bags have remained at \$2.00 per bag, or \$24.00 for a box of 12.

Except for new residents the City only permits residents to stop and start their refuse/recycling services during the first two weeks of January and July each year, the property owner of the collection address may elect to change service from a roll-out cart to mixed-refuse bags or vice-versa by notifying the City Offices.

Changes are only allowed during these two-week periods. Reminder: Any large items require a bulky sticker or appliance sticker which can be purchased at City Hall or Bill's Shop-N-Save.

WEED CONTROL NOTICE TO FREMONT CITY RESIDENTS

Notice is hereby given that the Weed Control Map for the City of Fremont for the 2019 season has been filed with the City Clerk. The growth of grass and weeds, as defined by Section 5-16 of the Fremont City Code may not exceed nine (9) inches in height. It is the intention of the officers and employees of the City of Fremont to enforce this Ordinance in the areas indicated on the Weed Control Map. Copies of the Map and the Ordinance are available at the Fremont City Offices.

Vicci L. TerVeer, City Clerk

ARE YOU TIRED OF FLUSHING MONEY DOWN YOUR TOILET?

I'm not talking about the cost of the used products you are flushing, but the harm they do to the system.

Toilets are only meant for one activity, and you know what we're talking about! So when the wrong things are flushed, results can include costly backups on your own property or problems at your local wastewater treatment plant.

Items NOT FLUSHABLE include:

Baby wipes and diapers
Candy and other food wrappers
Cigarette butts
Cotton swabs
Rags and towels
Fats, oils or grease from cars or lawnmowers
Feminine hygiene products including applicators
Hair
Paper towels
Plastic items of any description
Prescription and over-the-counter medications
Rubber items such as latex gloves, condoms, or balloons
Sanitary napkins
Syringes
Toothbrushes
Toys

Sewer overflows are a mess - disposable DOES NOT mean flushable?

Flushing baby wipes and other garbage down the toilet wastes water and can create sewer backups and overflows. This can also cause time-consuming backups in the public sewer pipes and at the wastewater treatment plant and related costs can be passed on to taxpayers - YOU. Even if its label reads "flushable," you are still safer and more environmentally correct to place the item in a trashcan. AND...because homeowners are responsible for their property's sewer pipes, improper flushing can cost you money. You plug it, you pay for it!

And There's More...

Whatever ends up in your toilet can potentially impact the water environment, so it's really important to keep household wastes such as window cleaners, unused or expired pharmaceutical products, paint thinners, fats, and fruit labels out of toilets and drains and dispose of them properly.

BURNING ORDINANCE WITHIN CITY LIMITS

Section 4.1 (D)

Public or private bonfires in which material would **exceed three (3) feet in diameter** require a permit issued by the City Clerk and are subject to prior approval of the City Fire Department. Such approval may be granted at the sole discretion of the Clerk and Fire Department based upon:

- ii. Facilities available for fire management.

- v. Any other consideration judged by the Clerk or Fire Department to be required to ensure safe burning.

FREMONT'S LATE SUMMER ANNUAL COMMUNITY YARD SALE

It's time to get ready for Fremont's Annual Community Yard Sale. Our Spring-May Sale was a great success with over 55 participants. The late summer date is scheduled for:

August 8th – 10th, 2019
(Deadline to sign up is July 29th)

To participate, all you have to do is call or come into the Fremont City Office, give us your name, address and phone number, and you're on the list! You can sign up for all 3 days, or just 1 day. City Offices are open Monday thru Friday, 8:00 a.m. to 5:00 p.m. If you have any questions, please feel free to call us at 924-2101.

RECYCLING – SINGLE STREAM

Curbside recycling is a single-stream process, whereas all recyclables can be co-mingled in the blue recycling container. Make sure you place paper products at the bottom of the bin to prevent them from blowing out.

Effective April 1, 2019, curbside recycling is \$12.60/quarter. Residents on refuse bag service who receive a quarterly bill for only recycling services are welcome to pay for their recycling services in advance on an annual basis to avoid writing a check for such a small amount each quarter. Because rate adjustments are done in April, paying ahead could affect your first billing; after the credits have been used, you may receive a bill for the small difference. Paying ahead can also save on the City's printing and mailing costs, thus allowing us to maintain our current low rates.

2019 CONSTRUCTION PROJECTS

Every year, the City strives to maintain and improve its streets and water/sewer utility systems. During that time, residents and drivers experience inconvenient detours and construction noise, but the results of every project are always worthwhile. We thank residents for their patience!

Projects expected to be completed in 2019 and potentially 2020:

- State Street – Mill and resurface between Stone Road and Gerber Products gate
- Stewart Avenue – Mill and resurface between Main and Cherry Streets
- Cedar Street – Construct new street extension from Gerber Avenue to Stone Road
- Dayton Street – Mill and resurface between Weaver & Hillcrest (except Merchant-Darling)
- Merchant Avenue – Mill and resurface between Elm & Cherry Streets
- Arboretum Drive – Mill and resurface between Chippewa and Iroquois

GARAGE SALES: A Fun and Thrifty Summer Pastime

The City will be enforcing its' regulations on garage sale signs this summer. While many are thankful the City is doing so; others do not appreciate the effort. The regulations are being enforced because 1) the Michigan Department of Transportation (MDOT) does not allow signs in their right-of-way, and many of the signs are placed along Main Street and Stewart Avenue in the MDOT right-of-way; 2) for safety reasons, signs should not be attached to utility poles; and 3) the signs are unattractive and often the signs are not taken down after the sale. Everyone has worked hard to keep Fremont looking neat, clean and beautiful for all to enjoy, so ridding the City of unnecessary signs is part of that effort.

The City understands that garage sales are important to many people, so as a result, the City organizes community garage sales in May and August. To participate, see left. The more people that participate in the community garage sale, the more energy the event will create. This translates into more people attending the various garage sales, which includes having visitors from outside the community take part; visitors who are good for local businesses. The community garage sales could have a positive economic impact not only for the individual home owner but for the community at-large.
